A community chest, corporation, trust, fund, or foundation organized or created in or under the laws of the United States, any state, the District of Columbia, or any possession of the United States (including Puerto Rico).

Publication 526 (2017), Charitable Contributions

Income inequality in the United States has increased significantly since the 1970s after several decades of stability, meaning the share of the nation's income received by higher income households has increased. This trend is evident with income measured both before taxes (market income) as well as after taxes and transfer payments. Income inequality has fluctuated considerably since ...

Georgism, also called geoism and single tax (archaic), is an economic philosophy holding that, while people should own the value they produce themselves, economic value derived from land (including natural resources and natural opportunities) should belong equally to all members of society. Developed from the writings of the economist and social reformer Henry George, the Georgist paradigm ...

4 Working Together In the context of the BEPS Project, and for the first time in history, all G20 and OECD countries worked on an equal footing to revise the fundamentals of the international tax rules.

Information Brief - OECD

Corporate income taxes are merely a clever tax on consumers by politicians and tariffs behave in much the same way as de facto targeted corporate income taxes on imported goods. The bonus for governments is that they expand regulatory power on the product under tariff and pocket the imposition.
