Auto GP, sometimes referred to as the Auto GP World Series, and formerly known as both Euro Formula 3000 and the Euroseries 3000, was a European formula racing series.. The series' roots can be traced back to 1999, and the Italian Formula 3000 series, organised by Pierluigi Corbari, which used old Lola chassis with Zytek engines. The teams used the Lola T96/50 in the first two years.

### **Auto GP - Wikipedia**

Very important remark: The engine prefix (first three figures and numbers in serial number) is absolutely necessary information for correct engine identification. But your additional information (full serial number, arrangement number, where the engine is installed etc.) will help to avoid mistakes and save our and your time.
