Childhood amnesia, also called infantile amnesia, is the inability of adults to retrieve episodic memories (memories of situations or events) before the age of two to four years, as well as the period before the age of ten of which adults retain fewer memories than might otherwise be expected given the passage of time. The development of a cognitive self is also thought by some to have an ...

Just over a year ago, the voters of this community approved an historic bond proposal for Lawton Public Schools. Since that election, we have begun or completed no fewer than 22 major building projects: five HVAC replacements, five roofing replacements, three window projects, one cafeteria renovation, seven safe rooms, and a brand-new middle school.
