Recently I have been approached by individuals asking me what the difference between an engineering degree and an engineering technology degree is.

How is an engineering technology degree different than an

Electrical Engineering deals with the study of electrical, electronics and electromagnetism. Various fields are related to electrical engineering like electrical power, telegraph, and telephone etc. GATE also includes EEE in its syllabus and different question paper will be provided for electronics.

Abaqus FEA (formerly ABAQUS) is a software suite for finite element analysis and computer-aided engineering, originally released in 1978. The name and logo of this software are based on the abacus calculation tool. The Abaqus product suite consists of five core software products: Abaqus/CAE, or "Complete Abaqus Environment" (a backronym with an obvious root in Computer-Aided Engineering).

Computational science and engineering (CSE) is a relatively new discipline that deals with the development and application of computational models and simulations, often coupled with high-performance computing, to solve complex physical problems arising in engineering analysis and design (computational engineering) as well as natural phenomena (computational science).
