One of the main reasons that your body aches when you are sick, like with a cold, is that your body's immune system is producing plenty of antibodies in addition to the effects of all those viruses replicating in your cells killing them and leaving the area raw and exposed.. These antibodies also promote the release of histamine which typically dilates (widens) blood vessel near an ...

Listeriosis can cause a variety of symptoms, depending on the person and the part of the body affected. Listeria can cause fever and diarrhea similar to other foodborne germs, but this type of Listeria infection is rarely diagnosed. Symptoms in people with invasive listeriosis, meaning the bacteria has spread beyond the gut, depend on whether the person is pregnant.
