The grammar translation method instructs students in grammar, and provides vocabulary with direct translations to memorize. It was the predominant method in Europe in the 19th century. Most instructors now acknowledge that this method is ineffective by itself.

### **Language pedagogy - Wikipedia**

The direct method of teaching, which is sometimes called the natural method, and is often (but not exclusively) used in teaching foreign languages, refrains from using the learners' native language and uses only the target language. It was established in England around 1900 and contrasts with the grammar-translation method & Bilingual method of teaching and other traditional approaches, as ...

These '10,000 most common words' are from a very large compilation of online texts of ~5,000,000 words. The list is mostly from written texts (Hebrew news sites, Hebrew wikipedia, science, sports, international, some literature, etc.) and not oral transcripts, therefore the frequency order is certainly a little different than what it would be for a list derived purely from spoken text.
