Get Better Results From Your Searches - Lifewire

Internet Search engines. This is a collection of different search engines, arranged alphabetically. It's not designed to be in any way comprehensive, and it's not a list of "best of" (though I haven't included any that I thought were rubbish!!), But it's simply engines that I have found and thought worth a brief description and bringing to your attention.

Web Search Engines - Phil B

Search engines have two major functions: crawling and building an index, and providing search users with a ranked list of the websites they've determined are the most relevant.
