Boss RC-505 Loop Station Review 4 Peter 2017-04-28 23:38:53 Loopers are traditionally a plaything for guitarists. Boss has played their part in establishing this status quo, putting out numerous looper pedals of varying sizes from the RC-3 style stompboxes through to the behemoth options like the latest flagship, the RC-300.

In electroacoustic music, a loop is a repeating section of sound material. Short sections of material can be repeated to create ostinato patterns. A loop can be created using a wide range of music technologies including turntables, digital samplers, synthesizers, sequencers, drum machines, tape machines, delay units, or they can be programmed using computer music software
