Canadian patent law is the legal system regulating the granting of patents for inventions within Canada, and the enforcement of these rights in Canada.. A patent is a government grant that gives the inventor and his or her heirs, executors and assigns, the exclusive right within Canada, during the term of the patent, to make, use and/or sell the invention claimed in the patent, subject to ...

A patent is a form of intellectual property.A patent gives its owner the right to exclude others from making, using, selling, and importing an invention for a limited period of time, usually twenty years. The patent rights are granted in exchange for an enabling public disclosure of the invention. People who are employed to do research are often obligated by their employment contracts to ...
