Very important remark: The engine prefix (first three figures and numbers in serial number) is absolutely necessary information for correct engine identification. But your additional information (full serial number, arrangement number, where the engine is installed etc.) will help to avoid mistakes and save our and your time.

The decommissioning of a rig includes three phases, which typically take about 10 to 14 days to complete. But because the Liftboat Robert has four times the worker capacity of a typical liftboat able to comfortably house 132 offshore workers company officials are hoping to halve the decommissioning time.
