GRE Department & Major Field Codes - ETS Home

Electrical and electronics engineers work in industries including research and development, engineering services, manufacturing, telecommunications, and the federal government. Electrical and electronics engineers generally work indoors in offices. However, they may have to visit sites to observe a problem or a piece of complex equipment.

Electrical and Electronics Engineers : Occupational

7) Coordinate and supervise craftsmen in activities related to electrical/electronic engineering services 8)

Maintain a personal logbook to record his daily and weekly activities for each semester. 1.0 GENERAL ENTRY REQUIREMENTS National Diploma (ND) The entry requirements for National Diploma in Electrical Engineering Technology are: 1.

Electrical Engineering Technology National Diploma (ND)

These were the first public demonstration of the first electronic computer(1946),the invention of the transistor(1947),and the publication of A Mathematical Theory of Communication by Claude Shannon(1948).
