Quote HSE " Success in managing major Hazards is not measured by the Occupational Health and Safety Statistics but by measuring the performance of critical systems used to control risks to ensure they are operating as intended.. This statement is a very powerful statement and i want to stand on the premise that it should form the basis of assessing and formulating regulation regimes.

Topic 9: Safety and risk management in oil and gas

Features . Level thinking What should you do at work when an occupational hygienist calls? Hazards cautions that safety reps should make sure anyone used to assess workplace risks and exposure levels has the right skills, the right brief and the right oversight.Hazards 136, October-December 2016. Come clean UK multinational Reckitt Benckiser (RB) describes itself as "a global force in health ...
