LANL Standard Drawings and Details either (1) depict required format/content or (2) are templates that are completed by a Design Agency (LANL or external AE) for a design drawing package, in a manner similar to specifications.

Engineering Standards Manual: Standard Drawings & Details

This Manual establishes a formal system of drawing requirements for LANL personnel and its subcontractors for nuclear and non-nuclear facilities. It is required when creating or modifying drawings and sketches for LANL facility, utility, infrastructure, and environmental programs projects. Its use is recommended for programmatic work, where appropriate.

An engineering drawing, a type of technical drawing, is used to fully and clearly define requirements for engineered items.. Engineering drawing (the activity) produces engineering drawings (the documents). More than merely the drawing of pictures, it is also a language—a graphical language that communicates ideas and information from one mind to another.
