Today I have the same problem with exporting Word 2007 equations in PDF using save as -> PDF. Recently I was using doPDF to export Cyrillic texts and I decided to try it with the word equations. It worked perfectly! Referencing another forum discussion in acrobat users blog I found the real word solution - simply load the "Files for Complex Script and right-to-left languages" found under ...

Great story, Mark. I arrived at the conclusion that Intel's switch to cobalt is premature (among other things) independently, without contacting people involved, and before Intel's IITC paper and recent publications from Applied Materials became available, which, along with your article is a great proof of my previously published analysis.
