The Washoe County School District (WCSD) is focused on creating an education system where all students achieve academic success, develop personal and civic responsibility, and achieve career and college readiness for the 21st century.

Washoe County School District / Homepage

It is a responsibility we are failing to meet. According to statistics from the U.S. Department of Education, the gap in eighth-grade reading and math test scores between low-income students and their wealthier peers hasn't shrunk at all over the past 20 years. (The gap between poor and wealthier fourth-grade students narrowed during those two decades, but only by a tiny amount.)

Helping Children Succeed â€“ What Works and Why

Box and Cox (1964) developed the transformation. Estimation of any Box-Cox parameters is by maximum likelihood. Box and Cox (1964) offered an example in which the data had the form of survival times but the

underlying biological structure was of hazard rates, and the transformation identified this.

Project-based learning (PBL) is a student-centered pedagogy that involves a dynamic classroom approach in which it is believed that students acquire a deeper knowledge through active exploration of real-world challenges and problems. Students learn about a subject by working for an extended period of time to investigate and respond to a complex question, challenge, or problem.

Singapore American School (SAS) is a non-profit, independent, co-educational day school located in the Woodlands area of Singapore. It offers an American-based curriculum for students in preschool through high school. One of Singapore's first international schools, SAS was founded in 1956, and started with a hundred students in a colonial house.
