PowerRIP X for Epson InkJet Printers - Color Profile

VueScan supports raw scan files for the digital cameras in the following list. However, note that the colors may will be more accurate if you use an IT8 camera target (like the one produced by Wolf Faust) and if you use VueScan's "Profile|Profile scanner" command to create an ICC file for your camera.

VueScan 9 Release Notes - VueScan Scanner Software for

In computing, a device driver is a computer program that operates or controls a particular type of device that is attached to a computer. A driver provides a software interface to hardware devices, enabling operating systems and other computer programs to access hardware functions without needing to know precise details about the hardware being used.. A driver communicates with the device ...

Device driver - Wikipedia

If you have an older printer that doesn't support driverless technology, your Mac might automatically install the driver software needed to use that device.

Printer and scanner drivers for Mac - Apple Support
