My family has owned this percolator for 6 years now, purchased right here on Amazon in 2010, and I'm about to buy another one for work. This pot has consistently delivered the best tasting coffee - better than all restaurants we frequent, better than friends and family's coffee... just awesomely, amazingly good.

The E-1310 came with a "Just White" A-22-B skillet with A-10-C lid, the only other pattern option I am aware of was Spice o' Life. Gone was the classic black and white 60's mod leg/handles in lieu of brushed chrome trim and faux wood grain.
