

gallon man template pdf

Use this Gallon Man template to teach students about liquid measurements.

Gallon Man | Mr. Gallon Man Template | Education World

Milk chugging, or the gallon challenge or milk challenge, is the process of consuming a large amount of milk within a set period of time. Although there are variations in procedure, the general parameters are that a person is given 60 minutes to drink one US gallon (3.8 l; 0.8 imp gal) of whole milk without vomiting. A gallon milk jug is a common size of milk container in the United States.

Milk chugging - Wikipedia

The pint (/ ɛ̃ p aÉª n t /, listen (help · info); symbol pt, sometimes abbreviated as "p") is a unit of volume or capacity in both the imperial and United States customary measurement systems. In both of those systems it is traditionally one-eighth of a gallon. The British imperial pint is about 20% larger than the American pint because the two systems are defined differently.
