Timing Belt Replacement Recommendations * - Interference engine. Other interference engine applications may exist which are not indicated here.

P.O. Box 5887 Denver, CO 80217-5887 Interference Engines

In computer chess, a chess engine is a computer program that analyses chess or chess variant positions and makes decisions on the best chess moves. The chess engine decides which moves to make, but typically does not interact directly with the user. Most chess engines do not have their own graphical user interface (GUI) but are rather console applications that communicate with a GUI such as ...

Chess engine - Wikipedia

A full authority digital engine (or electronics) control (FADEC) is a system consisting of a digital computer, called an "electronic engine controller" (EEC) or "engine control unit" (ECU), and its related accessories that control all aspects of aircraft engine performance. FADECs have been produced for both piston engines and jet engines.
