Be sure to read my article on why we genealogists need to use maps. These resources are ones that I use on a consistent basis. Many are free (3 are \$) and all are among the best resources for understanding your ancestor's world "seeing" the routes Americans would have used in early days getting an inkling!

The following is a schedule for Right to Read Week (February 13-17). We hope you will help your child/children by encouraging them to accept the Reading Challenge and read, not just next week, but every day!!!

### **Thursday Envelope | St. Joseph School**

Nearly all animals make use of some form of sexual reproduction. They produce haploid gametes by meiosis; the smaller, motile gametes are spermatozoa and the larger, non-motile gametes are ova. These fuse to form zygotes, which develop via mitosis into a hollow sphere, called a blastula. In sponges, blastula larvae swim to a new location, attach to the seabed, and develop into a new sponge.

The transfiguration of Jesus is an event reported in the New Testament when Jesus is transfigured and becomes radiant in glory upon a mountain. The Synoptic Gospels (Matthew 17:1–8, Mark 9:2–8, Luke 9:28–36) describe it, and the Second Epistle of Peter also refers to it (2 Peter 1:16–18). It has also been hypothesized that the first chapter of the Gospel of John alludes to it (1).
