Table 1: The four levels/modes of processing. Figures 3, 4, and 5 show how within the processing model, cognition depends upon context. The effectiveness of the contribution of processing activities at each of these levels / modes, depends on the cognitive requirements posed by the specific context.

Home | Common Core State Standards Initiative

The following is a list of people who are considered a "father" or "mother" (or "founding father" or "founding mother") of a scientific field. Such people are generally regarded to have made the first significant contributions to and/or delineation of that field; they may also be seen as "a" rather than "the" father or mother of the field. Debate over who merits the title can be perennial.

List of people considered father or mother of a scientific

§74.5. Academic Achievement Record (Transcript). (a) The commissioner of education shall develop and distribute to each school district and institution of higher education the state guidelines for a common academic achievement record and coding system for courses and instructions for recording information on the academic achievement record.
