This disambiguation page lists articles associated with the title Driver. If an internal link led you here, you may wish to change the link to point directly to the intended article.

Driver - Wikipedia

Host-based - Host-based drivers use the computer's (host's) resources to process print commands when the computer is connected to the printer via USB cable. It is a custom driver created for host-based printers to provide basic print or print/scan software features. Enables more advanced software functionality than the drivers included In-OS or Windows Update.
