Host-based - Host-based drivers use the computer's (host's) resources to process print commands when the computer is connected to the printer via USB cable. It is a custom driver created for host-based printers to provide basic print or print/scan software features. Enables more advanced software functionality than the drivers included In-OS or Windows Update.

### **Printers compatible with Windows 10 - HP® Customer Support**

Full solution - The Full solution is custom drivers and/or software created for select printers. 'HP Full feature driver' or 'HP Full software and drivers' offer a complete solution including full printer software functionality and the most advanced features available for the printer, and does not require additional HP software.
