The incidence of erosion in the southeastern part of the country is prevalent and numerous with minimal solutions available to ameliorate its consequences thus reducing the assurances of food security. This study aims at determining the erodibility factor (K) of selected soils in Imo State by measuring parameters such as grain-size distribution, soil structure and texture classification ...

Determination of Soils Erodibility Factor (K) for Selected

No offense, but this just seems IMO just as ridiculous as filling out an insurers supp form. Reason being, I remember having to do this same thing, and never once when the adjuster showed up for the reinspection did he know what the supp was, nor did he have the form that I faxed listing the additional item(s).

Every developer knows you should have a one, exact, coding standard in your company. Every developer also knows you have to fight to get your rules into the company standard. Every developer secretly despairs when starting a new job, afraid of the crazy coding standard some power-mad architect has dictated.
