BU-80 powered subwoofer has static when played, checked speaker itself and is fine, think is something in the - Audio Players & Recorders question

## **SOLVED: BU-80 powered subwoofer has static when played**

Infinity made this sub right for the price. Yes it will die out after a few years of use, yes it wont last forever, and no you cant crank it to 11 and let it go crazy. Keep it tuned in well, I have yet to need to turn the volume on either my head unit or on my sub even half way up to shake my plastic door panels.
