Industrial organizations must be able to quickly identify ways to tighten production schedules and maximize revenue. A fast response is difficult when analytics tools are managed by IT departments, and can require days or months to create new analytics for new problems.

Manufacturing Software from Rockwell Automation

The following list of modern armament manufacturers presents major companies producing modern weapons and munitions for military, paramilitary, government agency and civilian. The companies are listed by their full name followed by the short form, or common acronym, if any, in parentheses. The country the company is based in, if the information is available, follows that.
