Mary Beth Chrissis is a senior member of the technical staff at the Software Engineering Institute (SEI). Since joining the SEI in 1988, Chrissis has been a coauthor of the Capability Maturity Model Integration for Development (CMMI-DEV) and Capability Maturity Model for Software (SW-CMM) models.

CMMI for Development: Guidelines for Process Integration

EMAC, Inc. is a global leader in ARM-based System-on-Module design and manufacturing. We can provide x86, ARM, Custom Carrier Board Development and Embedded Software.

EMAC Inc. | Single Board Computers System on Module

Process integration is a term in chemical engineering which has two possible meanings.. A holistic approach to process design which emphasizes the unity of the process and considers the interactions between different unit operations from the outset, rather than optimising them separately. This can also be called integrated process design or process synthesis.

Process integration - Wikipedia

A centralized information system based on ESRI® GIS software provides civil engineers with the IT framework for maintaining and deploying critical data and applications across every aspect of the infrastructure project life cycle including planning and design, data collection and manage-

GIS Solutions for Civil Engineering - Esri

Integration testing (sometimes called integration and testing, abbreviated I&T) is the phase in software testing in which individual software modules are combined and tested as a group. It occurs after unit testing and before validation testing. Integration testing takes as its input modules that have been unit tested, groups them in larger aggregates, applies tests defined in an integration ...

Integration testing - Wikipedia

The Model 8800 utilizes special force sensing strip which is inserted into the nip between squeezing rolls. This is the same sensing technology employed by the Type 8845 sensor used with the Spectrum 4 Portable Process Multimeter.

The on- and off-highway industry's leading technical event is back in 2018 with a new name and a new look. The COMVEC Technology Connection is the central forum for the community that develops vehicles and equipment spanning the on-highway, off-highway, agricultural, construction, industrial, military, and mining sectors.

COMVEC18 - SAE International

It's finally (almost) here. We're planning a release date in early Q2 2018. The Ethernet DMX Engine will feature a nearly identical command set as our current RS-232 version.. As we make final decisions

regarding the panel layout and connections, weâ€™d love your feedback.

Engineering Solutions Inc

Software for Precast/Prestressed Concrete Design Eriksson software is professional grade software trusted by professional engineers to get the job done.
