Unplug the refrigerator and check the evaporator fan wire harness connection in the freezer. Reconnect the wire harness plug if it's loose. If the wire harness connection in the freezer is okay, check the evaporator fan wire connections to the electronic control board (brown/white, blue/white and yellow/white wires on J4A and red/white wire on J4B).

A blender (sometimes called a liquidiser in British English) is a kitchen and laboratory appliance used to mix, puree, or emulsify food and other substances. A stationary blender consists of a blender jar with a rotating metal blade at the bottom, powered by an electric motor in the base. Some powerful models can also crush ice.
