The Mitsubishi 380 was a mid-size family car that was produced between 2005 to 2008 by Mitsubishi Australia. Available only as a sedan, it marked the end of Australian production by the Japanese manufacturer. The 380, given the model designation DB, was the successor to the Mitsubishi Magna/Verada line of vehicles first introduced in 1985 (and 1991 for the Verada) but was only available as a sedan.

In all probability it will come with a 2.0L unit (4B11) as the Lancer. In Europe it comes with a 1.8L but I don't think the public here would like to see that engine in a car of this size.
