Agenda 21 In One Easy Lesson Update, February 15, 2018: I'm very happy to report that the globalist Agenda 21 thinly disguised Communist Collectivism scheme described in this article is failing miserably within the United States thanks to a steady drop in membership by American cities and towns. There were nearly 700 American cities that were members of ICLEI in 2011, but thankfully that number ...

The Streisand effect is a phenomenon whereby an attempt to hide, remove, or censor a piece of information has the unintended consequence of publicizing the information more widely, usually facilitated by the Internet. It is an example of psychological reactance, wherein once people are aware that some information is being kept from them, their motivation to access and spread it is increased.
