Military history is a humanities discipline within the scope of general historical recording of armed conflict in
the history of humanity, and its impact on the societies, their cultures, economies and changing local and
international relationships.. Professional historians normally focus on military affairs that had a major impact
on the societies involved as well as the aftermath of ...

Law is a system of rules that are created and enforced through social or governmental institutions to regulate
behavior. It has been defined both as "the Science of Justice" and "the Art of Justice". Law is a system that
regulates and ensures that individuals or a community adhere to the will of the state.
