Gunpowder, also known as black powder to distinguish it from modern smokeless powder, is the earliest known chemical explosive.It consists of a mixture of sulfur (S), charcoal (C), and potassium nitrate (saltpeter, KNO 3).The sulfur and charcoal act as fuels while the saltpeter is an oxidizer. Because of its incendiary properties and the amount of heat and gas volume that it generates ...

The persecution of Christians can be historically traced from the first century of the Christian era to the present day. Early Christians were persecuted for their faith at the hands of both a small number of Jews from whose religion Christianity arose and the Romans who controlled many of the lands across which early Christianity was spread. Early in the fourth century, a form of the religion ...
