This list of telephone switches is a compilation of telephone switches used in the public switched telephone network (PSTN) or in large enterprises.

**List of telephone switches - Wikipedia**

A business telephone system is a multiline telephone system typically used in business environments, encompassing systems ranging from the small key telephone system (KTS) to the large private branch exchange (PBX).. A business telephone system differs from an installation of several telephones with multiple central office (CO) lines in that the CO lines used are directly controllable in key ...
