To use multiple measures appropriately, start by understanding their purposes. We wouldn't think of making most of our important life decisions on the basis of one measure alone. For example, people who are considering buying a house look at the house's age, condition, location, style, features, and ...

Executive Summary. In its 10th annual survey of American public opinion, conducted in May and June of 2016, Education Next finds that the demise of school reform has been greatly exaggerated. Public support remains as high as ever for federally mandated testing, charter schools, tax credits to support private school choice, merit pay for teachers, and teacher tenure reform.
