Murach's Beginning Java with Eclipse: Joel Murach, Michael

Over the years, Oracle Database has gained a reputation for being expensive and difficult to use. Today, however, you can download a free IDE called SQL Developer that makes it easy to enter, edit, and run SQL and PL/SQL statements.

Murach's Oracle SQL and PL/SQL for Developers (2nd Edition)

A good book. Not for someone looking for a "tutorial" or "introduction" on the subjects covered. However, a good reference book to find examples of specific programming problems for someone who already has a good understanding of servlets and JSP.

Amazon.com: Customer reviews: Java Servlet & JSP Cookbook

In computer science, a thread of execution is the smallest sequence of programmed instructions that can be managed independently by a scheduler, which is typically a part of the operating system. The implementation of threads and processes differs between operating systems, but in most cases a thread is a component of a process. Multiple threads can exist within one process, executing ...
