All images are original photos or scans taken by me. In the rush to be always modern and up to date, the first thing we discard is old computer books, manuals, and documents (not to mention old computers). By now the world is so dependent on computers and networks that all commerce would cease if ...

The pathname of the directory into which the sources are unpacked should not contain spaces, as most make programs (and specifically GNU make) do not expect spaces.. If you want the build to be usable by a group of users, set umask before unpacking so that the files will be readable by the target group (e.g., umask 022 to be usable by all users). Keep this setting of umask whilst building and ...
