The version history of the Android mobile operating system began with the public release of the Android beta on November 5, 2007. The first commercial version, Android 1.0, was released on September 23, 2008. Android is continually developed by Google and the Open Handset Alliance, and it has seen a number of updates to its base operating system since the initial release.

Android version history - Wikipedia

The following is a list that contains general information about GPUs and video cards by Advanced Micro Devices (AMD), including those by ATI Technologies before 2006, based on official specifications in table form.
