Education in the United States is provided by public, private and home schools.. State governments set overall educational standards, often mandate standardized tests for K public school systems and supervise, usually through a board of regents, state colleges, and universities. Funding comes from the state, local, and federal government. Private schools are generally free to determine ...

Self-efficacy is an individual's belief in his or her innate ability to achieve goals.Albert Bandura defines it as a personal judgement of "how well one can execute courses of action required to deal with prospective situations". Expectations of self-efficacy determine whether an individual will be able to exhibit coping behavior and how long effort will be sustained in the face of obstacles.
