

philips smart tv user pdf

A smart TV is a traditional television set with integrated Internet and interactive "Web 2.0" features which allows you to stream music and videos, browse the internet, and view photos. Smart TV is a technological convergence between computers and flatscreen television sets and set-top boxes. Besides the traditional functions of television sets and set-top boxes provided through traditional ...

Smart TV - Wikipedia

The following list encompasses notable smart TV platforms and application software that are used as software framework and middleware platforms used by more than just one manufacturer.
