Adjusting your valves is one of the routine tasks that need to be performed on your 911 in order to keep it running. While most people pay big bucks to take their cars to their local shops, the valve adjustment procedure can be easily performed at home with a little patience, a few tools and the right information, which I hope to provide here.

The main 1.8t FAQ is great and all...but it isn't kept updated with all the new, great stuff people do. The user who created it won't respond to PM's and the mods won't edit it either. On the same note, we keep pointing all the new users at the FAQ as their first mode of defense. I'm creating this so we can create a supplementary FAQ.
