Through this earth science curricular unit composed of eight activities, student teams are presented with the scenario that an asteroid will impact the Earth. In response, their challenge is to design the location and size of underground caverns to shelter the people from an uninhabitable Earth for one year.

Adventure Engineering Challenge: Asteroid Impact - Unit
THE KRIZNER GROUP is a full service law firm that concentrates its practice in assisting organizations both before and after disputes arise. The Firmâ€™s preventative services division aids clients in implementing policies and procedures that will help avoid costly lawsuits and other organizational problems before they occur.

SchoolStat is a program created to conduct periodic, non-technical, visual inspections of all school facilities. Other programs in the New York City Department of Education exist to provide detailed technical information regarding school facilities, however there was an unmet need for non-technical information, i.e., how the results of our facility maintenance and operations efforts appear to ...
