Ford Lehman Marine Diesel engine stuff - BF494

Be Professional With Your Tractor's Wiring! First of all, an engine's ignition system is completely separate from its electrical system. One has absolutely nothing to do with the other, except in battery-powered ignition systems, the electrical system supplies power to the ignition system.

Electrical Solutions for Small Engines and Garden Pulling

The Ford 335 engine family was a group of engines built by the Ford Motor Company between 1969 and 1982. The "335" designation reflected Ford management's decision to produce an engine of that size (335 cubic inches) with room for expansion during its development. This engine family began production in late 1969 with a 351 cu in (5.8 L) engine, commonly called the 351C.
