The Dept. of Computer Science and Engineering at the University of South Florida in Tampa offers BS, MS and PhD degrees in computer science, computer engineering, information technology, and cybersecurity as well as performing cutting edge research.

USF Dept. of Computer Science and Engineering

In software engineering, a software development process is the process of dividing software development work into distinct phases to improve design, product management, and project management. It is also known as a software development life cycle. The methodology may include the pre-definition of specific deliverables and artifacts that are created and completed by a project team to develop or ...

What is the difference between AutoCAD, Inventor, and Fusion 360? AutoCAD is desktop-based design, drawing, drafting, and modeling software widely used in the architecture, engineering, and construction industries to create building plans, service and design schematics, and other layouts that can be represented in both 2D and 3D. Inventor is 3D CAD software for modeling and mechanical design ...
