Amazon.com : Sony NEX-VG30H Handycam : Professional

Great camera, just as advertised. Had the same one before and loved it. This was a great find to be able to replace it with a brand new one. If you can find this model or the Sony DCR-TRV820 with its built-in printer and larger 4" screen go for it. The picture quality is close to hi-def and is a very durable camera as these two models were Sony's flagship cameras at that time.
