Sound Techniques Consoles. At Levy's Sound studio, Geoff Frost had designed and built a raft of equipment and, aside from engineering sessions, had developed the technical skills and understanding that would enable him to design and build mixing desks not only for Sound Techniques but for studios across the world.

### **Studio Stories: Sound Techniques**

A recording studio is a specialized facility for sound recording, mixing, and audio production of instrumental or vocal musical performances, spoken words, and other sounds. They range in size from a small in-home project studio large enough to record a single singer-guitarist, to a large building with space for a full orchestra of 100 or more musicians.
