Upon closer inspection and some research it appears that I've bought a Jet 1024P lathe, made in Taiwan. I didn't find any dates stamped on the lathe, but Google Books search turned up several Popular Mechanics magazines from late '70 that ran ads for this lathe.

This is a list of manuals I have available. A lot of them are still available on the internet. If I remembered the location or person that send it to me I put it in the last column.
