Mathematics for Finance: An Introduction to Financial

Science, Technology, Engineering and Mathematics (STEM), previously Science, Math, Engineering and Technology (SMET), is a term used to group together these academic disciplines. This term is typically used when addressing education policy and curriculum choices in schools to improve competitiveness in science and technology development. It has implications for workforce development, national ...

Science, technology, engineering, and mathematics - Wikipedia

You will have a lot of trouble doing that with coordinates. That would require finding every text cell in the document, calculating string width and wrapping, then calculation clipping windows and deciding on inclusion/exclusion.
