References - Certified Reliability Engineer - (CRE

Certified Quality Engineer, often abbreviated CQE, is a certification given by the American Society for Quality (ASQ). These engineers are professionally educated in quality engineering and quality control.. They are trained in researching and preventing unnecessary costs through lack of quality, lost production costs, lost market share due to poor quality, etc.

THE CERTIFIED QUALITY ENGINEER EXAM

Waltek Inc., provides high quality custom ferrous and non-ferrous investment castings using lost wax casting methods for a range of industries around the globe. Investment casting is an extremely versatile process that has lower associated tooling costs than sand casting or die casting, making it ideal for complex or low to medium volume production.

Waltek Investment Casting Solutions, Minneapolis, MN 55303

Definition. In 1961 , the Conference of Engineering Societies of Western Europe and the United States of America defined "professional engineer" as follows: A professional engineer is competent by virtue of his/her fundamental education and training to apply the scientific method and outlook to the analysis and solution of engineering problems.
