Unlicensed assistive personnel (UAP) is a class of paraprofessionals who assist individuals with physical disabilities, mental impairments, and other health care needs with their activities of daily living (ADLs). UAPs also provide bedside care including basic nursing procedures all under the supervision of a registered nurse, licensed practical nurse or other health care professional.

A comprehensive survey of family-centered pediatric nursing care . Child Health Nursing: Partnering with Children & Families promotes excellence in nursing care for infants, children, and adolescents in hospitals and in the community. It focuses on the importance of partnering with families to adapt care plans for children based on their age, health status, and social and cultural influences.

Nursing is a profession within the health care sector focused on the care of individuals, families, and communities so they may attain, maintain, or recover optimal health and quality of life. Nurses may be differentiated from other health care providers by their approach to patient care, training, and scope of practice. Nurses practice in many specialties with differing levels of prescription ...
