Runabouts are a class of small, multi-purpose starships in the Star Trek science-fiction franchise, primarily the television series Star Trek: Deep Space Nine, which aired on syndicated television between 1993 and 1999. They were the primary means of transport for the crew of the DS9 station. As the station had three launch pads, its normal contingent of runabouts numbered three, though a high ...

A transporter is a fictional teleportation machine used in the Star Trek universe. Transporters convert a person or object into an energy pattern (a process called dematerialization), then "beam" it to a target, where it is reconverted into matter (rematerialization). The term "transporter accident" is a catch-all term for when a person or object does not rematerialize correctly.

Larry Koopa: Larry Koopa is the youngest Koopaling who is often seen at the forefront of the Koopalings' antics, and he wields the orange magic wand. His main color representation is sky blue, although his shell was originally colored green, his hair was white in early sprites, and he lacked the small star on the side of his face.
